

28th February 2019

Dear Parents

You may be aware that recently it has been reported on the news that there have been some extremely inappropriate content appearing on YouTube and WhatsApp. This has been particularly targeted at younger children where scary images pop up and encourage them to harm themselves. This is obviously extremely distressing and I would encourage you to never allow your child to use YouTube and WhatsApp unsupervised. You should be aware that YouTube has an age rating of 13+ whilst WhatsApp has an age rating of 16+.

I am sure you will agree that protecting our children is our top priority.

Yours sincerely

Mr S Wright
Principal
