Class Dojo is a fantastic tool used by our teachers, but ParentMail is used for all other communication. It is therefore essential that you use this as you will miss important information otherwise. ParentMail sends messages to your email address and if you install the free app, it also sends you notifications on your mobile phone. You can also access it from any web browser on any tablet, laptop or computer.

The link below will help if you have any problems.

If you are still struggling after reading this, please email southampton@hopecommunityschool.org and the office will be able to guide you.

Christian value of our fortnight

This week children have been learning about the Christian value of 'Self Control' which is choosing to do what you should do, not want you want to do.

This week children have been thinking different characters in the bible who demonstrated self-control. Jesus in particular modelled self-control a lot of the time. He was often criticised, laughed at and misrepresented. However, he showed us the positive impact of self-control.
