## **Christian value of our fortnight**

This week children have been learning about the Christian value of 'forgiveness' which is deciding that someone who has wronged you doesn't have to pay.

This week the children have been thinking about situations when they have needed to forgive or to be forgiven. We also thought about a famous story told by Jesus which was all about how important it is not to judge other people. It is a funny story about someone who is so busy moaning about people having a speck of dust in their eyes that they don't notice they have a giant plank of wood in their own eye! We need to remember that we all make mistakes and that it is really important to show understanding and forgiveness when mistakes are made.
