

Weekly newsletter: 5th October 2018

News from Pioneers

Year 1 have had a busy week. They have finished building their robots out of junk and they look amazing. Look out for the some hanging in the classroom soon! Well done Pioneers!

We have changed the way we organise the smiley face chart so that we can track it very carefully. Each day children who get a smiley will put their name on the smiley board and then Miss Patience and I will transfer them onto the chart. We will let you know when your child is due to receive a badge.

We hope you are finding the end of the day less squashed – many thanks for your patience with this.

Next Friday (12th Oct) will be our Harvest Collective and Pioneers will be singing a special song. The week after (19th Oct) will be our special robot day. The children are welcome to dress up as robots and we will be sharing some of our robot project with you during Collective. The rest of the day will be spent participating in some fun robot activities creating a special robot snack.

Please be advised that the calendar is now on our website, but may we draw your attention to the following: 21st December – finish at 1:30pm. The last day of all terms (not half term) will finish at 1:30pm.

100% attendance rewards: for those children who have arrived on time every day this week. These children will get the chance for a dip in the treasure chest the following week.

News from Explorers

As part of our getting to know school we have been playing fun games involving our name. We have our new talking telephones in the playground which children have loved.

Please could you name uniform (in particular jumpers/cardigans) in order to reduce lost items. Many thanks.

Celebrations
